

A Matter of Opinion 1, 2 & 3

Recourse of the individual
Freedom to imagine, intone, infer,
interpret
Essential pillar of civility
A blade in our defence or
A knife for our own throats?

On The Fly

Small yet significant
Uplifting, elevating, empowering
Ebullience of spirit
The serenity of surety
Propels us ever onwards

Sweet Release

The gift of giving a thousand fold
A nest flown
Life's chance taken
So to the future, to hope
And to living itself

One Iota

There but only just
Insignificant to all but thee
A scintilla of self
A jot of reality
Quintessence refined anew

Neath The Surface

Beneath, beyond the thin veneer
of hidden prejudice and fears.
In garments woven to conceal
what divides the real from real.
Intentions in astute disguise
the truth but in another guise.

Less Travelled

Arterial ribbons of life pulsate with
the traffic of ages
An immensity seldom seen and little
understood
We traverse this vastness aloof to all
but the obvious
Happy to wallow in abject
ambivalence.
