

Title - Through dark history, bereavement is told, and the Star of David, good things unfold.

#### Rational notes

History shows robust and measures attempts to exterminate the Jews.

Somehow the tribes have survived and not become historical rubble in the destructive attempts by political forces.

Today we are living in a time of world instability and the complicated development of a spiritual holy war against Judaism and Christianity which is accelerating.

This work represents the rubble of past anti-Semitism and features the overhead fuelling of anti-Semitism in contemporary Islam.

Artist - David Milne 202

Theme - Sacred Geometry.

Title - All-hidden and exalted is Thy place;  
Full of Thy glory is the infinite space. (I. of 3.)

Medium - Acrylic on 12oz. cotton duck

Size - 45.5 x 45.5 cm.

Notes - "Geometry existed before the creation of things, as eternal as the spirit of God; it is God himself and gave him the prototypes for the creation of the world."  
(Johannes Kepler, Harmonices Mundi, 1619)

In an idea of Plato's, supposedly based on the secret teachings of the ancient Egyptians, the smallest particles in the world consist of regular triangles.

According to calculations carried out by Johannes Kepler in 1596, the "Geometrical God" had allocated these five bodies to the precise distances between the planetary orbits.
